Projects

E-Commerce Platform
Project Lead

May 2025

- 🌐 <https://aurellia-e-commerce.vercel.app>
 - Built a full-stack e-commerce website with complete product CRUD and secure authentication.
 - Integrated **Stripe payment gateway** for seamless and secure checkout.
 - Designed a fully **responsive UI** and **admin dashboard** for managing products and orders.
 - Deployed the project on **Vercel** for public access and testing.

React js, Node js, Express js, MongoDB, Tailwind CSS

News-Portal
Project Lead

June 2025

- 🌐 <https://news-portal-roan.vercel.app>
 - Developed a **full-stack news platform** with article categories and an admin panel for content management.
 - Added a **user-friendly design** for smooth browsing and mobile responsiveness.
 - Implemented **secure API routes** for managing posts and user data.

- Deployed publicly on **Vercel** for performance testing and access.
- JWT-based authentication and comment system for user interaction.

React js, Node js, Express js, MongoDB, Tailwind CSS

Job-Portal

Project Lead

July 2025

<https://job-portal-six-brown.vercel.app/>

- Created a **job listing and application system** for employers and job seekers.
- Integrated **authentication system** for secure login and user role management.
- Designed **responsive dashboards** for employers to post and manage jobs.
- Optimized database queries for **fast job filtering and application tracking**.
